

基因名：APOL6

纯度>85% (SDS-PAGE)

别名：2310076O14Rik; APOL VI; ApoL-VI; APOL6; APOL6_HUMAN; Apolipoprotein L VI; Apolipoprotein L; 6; Apolipoprotein L-VI; Apolipoprotein L6; APOLVI; DKFZp667M075; FLJ38562; FLJ90164; MGC57495

种属：Homo sapiens (Human)

蛋白长度：full length protein

表达区域：1-343

氨基酸序列

蛋白标签：The following tags are available.

N-terminal His-tagged

Tag-Free

复溶： We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Please reconstitute protein in deionized sterile water to a concentration of 0.1-1.0mg/mL. We recommend to add 5-50% of glycerol (final concentration) and aliquot for long-term storage at -20°C/-80°C. Our default final concentration of glycerol is 50%. Customers could use it as reference

储存条件： Store at -20°C/-80°C upon receipt, aliquoting is necessary for multiple use. Avoid repeated freeze-thaw cycles.

保质期： The shelf life is related to many factors, storage state, buffer ingredients, storage temperature and the stability of the protein itself. Generally, the shelf life of liquid form is 6 months at -20°C/-80°C. The shelf life of lyophilized form is 12 months at -20°C/-80°C.
